

TLOxp[®] from TransUnion: Corporate Risk Management and Due Diligence.

TransUnion brings you the fastest way to verify businesses and mitigate risk.

Accurate Data In Seconds To Minimize Risk And Combat Fraud.

TLOxp[®] is the latest version of the technology that revolutionized individual and corporate data searches. Enhanced with advanced new tools, it filters the most current data repositories of public and proprietary information to deliver the actionable intelligence you need to work new deals, forge new partnerships, make informed decisions, and conduct business with confidence. Manage risk, combat fraud and avoid costly mistakes with TLOxp:

- **360° Profile** – Instantly find addresses, phones, places of employment, professional licenses, criminal records, bankruptcies, liens, assets, relatives, associates and more.
- **Accuracy** – Current database of personal and business histories delivers up-to-date information you can trust.
- **Speed** – Most searches uncover actionable data in only seconds.
- **Scalable** – Configure TLOxp to meet the specific needs of any industry and any size business.
- **Cost Effective** – Flexible options and competitive pricing.

Uncover The Truth Instantly.

TLOxp compiles the complete history of an individual or business in seconds. Use it to verify identities and professional licenses, flag inconsistencies, identify fraud history, uncover convictions, find bankruptcies, review assets and more.

TLOxp. Tools To Safeguard Your Business.

- **Expert Searches** – TLOxp maps connection points between your search subject and relatives, associates, companies and more.
- **Advanced Expert Searches** – Enter a partial company name, incomplete address, or any fragment of information and TLOxp narrows your search to the fewest possible options.
- **Business Searches** – Find headquarters, subsidiaries, DBAs, UCC filings, owners and officers, board members, bankruptcies, liens, court records and more to vet new vendors and potential business relationships.
- **Batch and Monitoring** – Flag, scrub and monitor numerous individuals quickly to save time and optimize operational efficiencies.

Control Access, Reports, Search Criteria And More.

TLOxp fits you. Not the other way around. You set the access parameters; define the search criteria; decide who sees what and who doesn't. Then, create custom reports featuring your logo and your selected search criteria. Enjoy unmatched control to minimize errors and enhance performance.

Training & Support
